Minecraft's item content is more centralized on building and reworking, whilst Terraria's object content is focused more upon exploration of battling. If you were to compare the two games, the only thing you could really say in that Minecraft is better than Terraria is better for adventure! In a sense, the game design of Terraria is more focused on exploration and discovery, while Minecraft is more focused on building and reworking. It wasn't the combat, the huge stone tree, or anything in the game! It was the inventory management? Think about an inventory only on Minecraft. Terraria is harder than Minecraft (and it's a note even just BT /
